LOUISIANA

Section 511 of Title 18 of the Louisiana Revised Statutes of 1950, as amended, provides that a candidate who receives a majority of the votes cast for an office in a primary election is elected. When no candidate achieves a majority the top two vote getters, regardless of party, go on to a runoff. This section also provides that a candidate who is unopposed in the primary is declared elected by the people and his name shall not appear on the ballot in either the primary or general election. Richard Baker of the sixth Congressional District was declared elected under this latter provision. We report here the official vote results of the October 6, 1990 primaries where six congressional district elections were decided by candidates achieving majority votes. The runoff in the second on November 6, 1990 decided the final contest.
